

HURON FAMILY ASTRONOMY NIGHT! 2012·03·1

The Astronomy Club invites the Huron Community to attend Family Astronomy night next Thursday, 1 March. We are planning various activities that should be of interest to everyone in the Huron community. We will have activities for young kids, lectures by some professional astronomers. If there are clear skies, we expect members of the Royal Astronomical Society of Canada will bring their telescopes and let us have a deep peek into the sky.

Bring your binoculars!

Keep looking up!

Free!

March 1, 2012, 19:00-20:30 Huron Street Public School, 541 Huron St, Toronto, ON M5R 1E1
